

# Scenic Golf

THE ONE THING YOU WANT "ABOVE PAR" IS THE COURSE

For most of us, a typical round of golf isn't about earning a paycheck, so the most important aspects are good company, a good score, and a beautiful course. We can't do much about your score, though we do have PGA Teaching Professionals who would be happy to help you work on your game. But bring your friends and we'll provide a backdrop of tree-covered rolling hills and a variety of courses that offer panoramic holes full of challenging shots and breathtaking beauty. ■
