

## Passport Redemption Rules

### What is the Craft Your Adventure Trail?

Craft Your Adventure is a self-guided beverage trail celebrating the exceptional craftsmanship found in each glass and growler throughout the Southern Finger Lakes. We invite you to “Craft Your Adventure” by sipping your way through some amazing brews, hard ciders, and spirits as you explore the natural beauty of the Finger Lakes region, take in local culture, and learn about our rich heritage.

### How does the Craft Your Adventure Trail work?

This Craft Your Adventure Beverage Trail guide is also a special passport and your chance to earn cool swag. Visit the beverage producers along the trail, present this C.Y.A. passport and collect a unique stamp with each purchase. Once you have collected 10 or more different stamps, return this passport to a designated redemption site to receive your free Craft Your Adventure Beverage Trail swag.

### Craft Your Adventure Passport Rules

- You must be 21 or over to participate in the Craft Your Adventure Beverage Trail
- Collect a different stamp with a purchase at each location (a minimum of 10 different stamps must be collected to “complete” your passport). Turn your completed passport in at one of the redemption sites listed below to receive your swag; or complete the entire C.Y.A. trail, collect stamps at each stop, then redeem the passport to get something a little extra
- Limit one piece of swag per completed passport
- One passport per person
- No photocopies of the completed passport will be accepted
- Quantities of passports and swag are limited
- Completed passports must be redeemed in person at specified redemption sites
- Swag will not be given for incomplete passports

There is no timeline to complete the passport. Take your time as you enjoy the Finger Lakes region, but remember swag is limited to stock on hand.
